

RECYCLING GUIDE

It's only garbage if you put it there. Did you know that more than half of your household waste can be recycled?

Manitobans are doing a great job recycling, but we can always do more.

BY THE NUMBERS...

83,200,354 kg

recovered in 2015
enough to fill Investors
Group Field 6 feet deep

73 kg

recycled per person,
about the average
weight of a medium
sized man.

EXAMPLES OF RECYCLABLE ITEMS

These are types of recyclable materials accepted in your recycling program:

Newspapers and flyers

Aluminum food and beverage containers

Glass food and beverage containers

Steel food and beverage containers

PET #1 plastic food and beverage containers

Magazines and catalogues

Gable top containers

Boxboard

Paper directories

Residential corrugated cardboard

Aseptic packaging

HDPE #2 plastic containers

#4, #5 and #7 plastic containers

UNACCEPTED MATERIALS

Please **do not** place any of these items in your blue bins:

Aluminum foil, foil pie plates or foil food containers

Dishes, ceramics or crystal

Electronics

Foam packaging of any kind

Paint cans or oil cans

Paper towels, tissues or napkins

Window glass, mirrors or broken glass

Steel pots and pans or scrap materials

Wax or foil coated paper

Plastic bags or cellophane

RECYCLING TIPS

- Toss your recyclables loosely into the bins without stuffing containers together.
- When you're recycling paper and boxes, fold and flatten them to save space.
- Save water and time when recycling cans and bottles. You do not have to clean them or remove lids and labels. Just ensure they are empty first!
- Recycling happens in more places than just your kitchen. Remember to recycle in all areas of your home.
- Don't put anything in your recycling bin that your municipality does not accept – check online first at simplyrecycle.ca or at rmofrosser.com.

PLASTIC BAG RECYCLING

In Manitoba, **plastic bags are not accepted** in your recycling bin. Fortunately, many retailers in Manitoba accept your used plastic bags. Remember, reduce your use of plastic bags by bringing a reusable option, reuse “single-use” bags for household garbage, pet waste and other items, and finally, recycle the ones already in your home.
